THE MILESTONE – 1957

**MILES
CONSOLIDATED SCHOOL
MILES, IOWA**

DEDICATION

MRS. GILBERT TAPLIN

As a class, we do humbly dedicate this, our annual, to our parents, our faculty, and all those who have helped guide us through our school years.

We especially want to acknowledge the help and encouragement of Mrs. Gilbert Taplin. Without her sincere desire to make our class a successful one, neither this annual nor any of the class's projects would have been possible.

FACULTY

In pausing to review and evaluate the brief years that we have spent together, I want you to know that you have my sincere respect and gratitude for the conscientious work that you have done, the cooperation offered, and pleasant associations enjoyed. You have every reason to feel both happy and proud as a result of your work complete in Miles High School.

If I were to leave you with one word of admonition, it would be, "to be honest with yourself and have faith in your convictions." There was never an ideal but what was first a mere dream and never a hero or celebrity that was not once a teen-ager like yourself. Who knows? The next one may be you. You have as good an opportunity to do so as does anyone else. All of us draw the same salary in seconds, minutes and hours, but yours is mostly ahead of you. Use it wisely. Time is the only thing that can be neither bought, sold, nor hoarded.

Seek early that field of endeavor which interests you most and you can do best; then put into it every bit of energy, ambition, and natural ability you possess. Remember that the successful person is usually the one that makes a habit of doing the things failures dislike to do.

Above all, be cheerful and happy. Happiness and success are components, seldom found separately, and you must look within yourself for each. They cannot be handed to you. Be sure to keep yourself clean and bright, for you are the window through which you must see the world.

H. P. Main

Each year a group of Seniors reach the milestone of graduation. This means no more than you yourself have made it. You have really just sharpened the tools with which you will now work. We hope you have done the job well. These are the tools you will use from now on, to carry you through life. We have tried to guide you in all your work, and it is hoped that you have learned the one great purpose of life, "Service to others." In order to perform this service easily and efficiently you have spent twelve years of study, most of them very happy years. Now you have reached the place where you are called upon to make your own decisions more and more.

It is my hope that all your tools are sharp and in readiness for whatever task you may be called upon to perform. There is not time to hesitate. You must go forward. Choose wisely, work hard, and remember that happiness comes by untiring service for others.

Congratulations now, and much happiness in the future.

Doretta G. Williams

*Bygone to the
"60" (over New
in 1961) to the
in 1961 to the*

To the graduating class of 1957--Congratulations. Emerson once said, "Make the most of yourself for that is all there is of you." So, do your level best where you are every day of your lives. Today is the day for which you have been waiting. Twelve long years have been spent preparing for it. Yesterday and tomorrow are far away nothing--the one a faint memory, the other a vague promise. But this is your day--Graduation Day. When one door closes, another opens, but sometimes one looks so long and happily upon the closed door that he does not see the one which has opened. Opportunities are knocking at your door constantly and I know the Class of '57 and I also know that each and every one of you will make the most of these open doors.

I sincerely hope the memories of our association will be as pleasant to you as they will be to me. Best wishes and good luck, success, and happiness all through life.

"No matter how high you rise, you'll always find infinite distances above."

Bernice Taplin

Dear Seniors,

As a member of the faculty, it is sometimes difficult to recall my own thoughts and feelings as a high school senior. However, if memory serves me correctly, it is a time of mixed emotions and a time of trying to look both forward, and backward at the same time.

When you think back on your school days at Miles, I hope your memory of music activities will give you pleasure and satisfaction. You should be able to sense some accomplishment in that department as in all others. I know it has been a pleasure for me to watch the progress and growth some of you have made during my three short years at Miles. My only regret is that I didn't get a chance to work with all of you.

In the future I hope that you will all find a place in your life for music. Use the tools you earned in school so that they don't rust beyond repair. Try keeping them sharpened at all times, and when the opportunities come for newer and better tools, try to be prepared to use them. To me, the most satisfying thing about music is that there is always more to learn and enjoy. Rest assured, that no matter how hard you try, you'll never exhaust the world of music.

Marlene Firman

Congratulations to all of you who have done so much to make this year one of definite success and achievements. It is now recorded in this annual as a proud part of the history of Miles High School.

You have reached this point in your lives only through work, patience, love and self-sacrifice. Remember that you are today where your accomplishments have brought you; you will be tomorrow where your endeavors take you. I have great confidence in your ability to choose the highest goals and I wish each of you the best of luck in the new and exciting life which lies ahead.

Dear Bob,
It has been a real pleasure having you in my class. You are a fine student with a lot of ability. I'm sure you will have a fine future. I'll be cheering for you.
 Ed. Williams

By commencement I mean the embarkation onto life's long, long journey. The past twelve years may have seemed a period of sweat and toil, yet how fruitfull as you gathered together the tools and supplies for your long journey.

As you set forth on this journey you must change. Your childhood problems became mature ones beset with responsibility and challenge. Until now your problems have largely been shouldered by your parents.

Let the fuel for your journey be your life long goal. If it has not been set, do so soon, and do it with caution and wisdom.

Through trial, experience and wise decision choose your life's work and make it one full of interest and enjoyment. Weary is the man, who dislikes his field and how difficult to reach his life long goal.

What is happiness without a home? So choose a life long companion--one who will stick by you through thick and thin, one who will share your joys and sorrows--they are hard to bear alone.

What is home without a family? So reproduce your kind, two or many, enjoy, love and cherish them, and live a life full of happiness and adventure.

What your future holds depends on you and how you use the tools of your trade. May it be everything you wished for. So "spin your wheels -- make tracks fly" and go forth with zest and zeal, for there's only one life on earth and that life is now.

Ray Kennedy

"What am I going to do now?" This is a question that every high school student upon graduation asks. High School graduation is a time for decision, a time for both looking back and looking ahead. Formal education attempted to provide the graduate with the physical, mental, and social skills necessary for a satisfying and rewarding life that he is going to follow; so that these skills can fulfill their inherent potentialities.

Not only must the high school graduate determine the direction of his or her life, but also the goals of that life. Goals must be established, so that when they are attained the individual will experience a maximum amount of satisfaction. The ultimate aim of life is happiness. All of our goals must be considered in the light of this ultimate aim; that is, each goal should be a stepping stone to the attainment of lasting happiness.

Happiness, however, is not easily attained in our complex, modern society. Modern life, with its technological advancements and accompanying international tensions, sometimes make life a trying period. Often, the future is described to the high school graduate as an overpowering and unanswerable

problem. Actually, it is not. However, if the individual is to achieve happiness, life must be faced realistically with courage and confidence.

This, then is the real question that faces the high school graduate. "How can I achieve happiness in our complex, modern society?" The answer can come only from the individual, and each individual will have a different answer based upon a critical consideration of the various directions and goals of life in relation to the ultimate aim of life: Happiness.

Richard L. DeShriver

It seems strange to use the word "commencement" to mean the day on which you leave for all time the school work you have carried for twelve years. "Completion" would seem to be a more appropriate term.

But this would not be life, for in the world everything that marks an end also marks a beginning. The end of one day is the commencement of another. The plant blossoms, bears fruit and seeds then sheds its foliage, but it has prepared for the beginning of another life.

So it is with education. What you have learned in school so far is only the beginning. Up to this time your work has been directed and made as easy as possible and as beneficial as your teachers could make it. You have been a good class, dependable, cooperative, and willing workers. All these things should have prepared you so that now you can rely on your own efforts for the success you make of your life career.

My best wishes go with you as you leave Miles High and commence the larger life which lies beyond. May your hopes and dreams come true.

Mrs. G. C. Bartlett

To the class of 1957:-

In my reading, I ran across this brief paragraph giving 7 characteristics of an emotionally mature person. I think it is very good, and deserves some thought. I'd like to pass it on to you.

"Emotional maturity is difficult to define exactly because no one is altogether emotionally mature all the time. But in general, the emotionally mature person has these characteristics:

1. He is realistic. He judges a situation as it exists, not as he wants it to be. When problems arise, he makes the best of them--instead of running away from them or fighting them.
2. He accepts frustrations and disappointments without developing uncontrollable anger or becoming sick.
3. He stands on his own two feet.
4. He cooperates with others. He is considerate of their needs and interests as well as his own.
5. He uses his abilities effectively, and takes part in activities with enthusiasm and satisfaction.
6. He has the capacity to love someone besides himself.
7. He is capable of postponing present satisfactions for a future greater good."

Congratulations to all of you. I have enjoyed knowing each of you, and my sincere good wishes for the future.

Marilyn Beeler

CLASS PROPHECY

May 10, 1967

Dear Diary:

Gee Whiz! Am I ever tired!

Tonight I went to the tenth anniversary reunion of the Miles High School Senior Class of 1957. It was such fun!

No one really expected everyone to be there, as there are so many celebrities from that class. Some of them hadn't been back to Miles since the day they graduated and set out to brave the world. But, even though everyone was there, some of them were almost unrecognizable. The things they have done. That Ed Jepsen! Why, Diary, you couldn't even guess what Ed has done. While he was in the Navy, and stationed on the west coast, he began working on a Hollywood movie set. Now, he quacks full time for Walt Disney, and he has changed his name to Donald Duck. He hesitated about doing this so soon after the sudden death of the original Donald Duck, but his success was at stake. We all laughed when he told us, but you have to admit, for a million dollars a year, any of us would be willing to change places with him.

Ed modestly gives most of the credit for his success to his clever make-up artist, Joanne Gray. Joanne was swept into national prominence when she made up Miss America of 1959. She dyes Lavonne Peters' hair daily to match the colors of her seven Jaguars. Vonnie now, of course, does not hold the title of Miss America, but she has made a success of her movie contract. She has, in fact, made a has been of Marilyn Monroe.

Gary Greve is now a world renowned surgeon. He is a brilliant man who leads the field in his profession. However, in his first year of practice he grafted a patient's right leg in place of his left arm by mistake. His only comment was "How about that?"

Barbara Peters has the honor of being the best paid nurse in the United States. She is Director of Nurses at Finley Hospital in Dubuque. She also has gained fame for her first hospital mystery book entitled, "Rendezvous with Rheumatism."

William the Great, alias Bill Chamberlain, first gained world fame by being the only person in the world to be able to roller skate on two wheels around curves. He now has mastered the art of roller skating on skates without wheels, while balancing the aged four Chamberlain Triplets on his shoulders. They are named William, Willy, and Will.

Marianne Seamer broke all scholastic records at the State University of Iowa and is now a teacher in great demand. She is so capable, in fact, that she now has thirty children, in kindergarten of course.

Donna Culver is the most sophisticated and the most efficient secretary the United Nations has been privileged to know. She constantly amazes people with her ability to take shorthand and transcribe it on the typewriter at the same time.

Mary Jo Wenzel writes a daily column for the Clinton Herald. It is of an Advice to the Love-lorn type, but she calls it, "Tell Me Your Troubles." She does not guarantee a perfect solution to your troubles but her column does make interesting reading.

Phil Kuhl is the only boy to stay in Miles. A citizen of good standing, he was elected Mayor in the last election. He is so popular in Miles and the surrounding territory that he is thinking of running for Senator in the '68 elections. I believe the reason for his popularity is that he demands all high school boys have duals and a Hollywood on their cars. Maybe it is just because he has them on his car. Man, when he chases you, everyone in town knows it.

Warren Jungjohann is now a criminal lawyer in Chicago. He is very much in demand. He recently found several clues that eventually led to the discovery of the rest of the money stolen in the famous Brink's Robbery. Boop now has the distinction of being written up in the "Who's Who in Iowa," and it is rumored that he will be featured in this year's, "Who's Who in This United States."

Dale Henfrey is thinking of retiring from professional basketball this year and going into a business for himself. He would like to organize a boys' club and supervise the athletic side personally, but he may not be able to if coaching varsity football at Notre Dame will keep him too busy next season.

CLASS PROPHECY

Nancy Peterson arrived in Miles by airplane and created quite a stir. She is famous all over the world for being the first woman to break the sound barrier. Of course, Nancy always did have a heavy foot on the gas.

Ginny Mussmann is in the Corps De Ballet in New York. She had quite a time getting a top position, at first, but since she was starred one night, and was received so tremendously by the audience, she has starred in every presentation since. It seemed that she wowed the audience with her rendition of the jitterbug, ballet style.

Allen Petersen is such a successful farmer that he took Grand Champion in Chicago last year. He has his hopes high for this year, too. Allen gives a lot of the credit for his success to his Senior English Class. Every night at sundown, he sits on the fence by the pasture, and recites fairy tales to the cattle. He learned these fairy tales in Senior English, and he says that his cattle sleep better than anyone else's ever do.

Ardel Belk has replaced the White Rain Girl in the ad. She has received several record contract offers, although she may just stay singing the White Rain Shampoo song anyway. She says she feels loyal to it for giving her a start. However, I would venture to guess that before long Ardel will be famous as a pop singer.

I was kind of happy that Ardel was working in an ad. It gave me kind of a happy feeling to know that I wasn't the only one. No one but she knew that I modeled for the Suzie-Q in the Pepsodent ads. Everyone got a big charge out of it.

It sure is late, and I sure am tired.

Good-night Diary! Sweet Dreams!

Sue Fisher

HISTORY

On August 27, 1945, fifteen spry youngsters came toddling through the doors of what was known to them as a great and new experience. They were: Sharon Wilkinson, Wesley Ackley, Everett Durkee, Duane Durkop, Joy Lee Eggars, Linda Frahm, Kathryn Jackson, Warren Jungjohann, Philip Kuhl, Dortha Kyarsgaard, Myrna Schwennsen, Ronald Hovey, Marianne Seamer, Lester Dierks and Nancy Petersen. Our teacher was Ruth Heinrich.

When we returned to Miles as the second grade we were thirteen. Our teacher this year was Catharine Briggs. The new additions were: William Chamberlain, Donald Durkee, Raymond Manning, Judith McVey, Ronald Culver and Irene Hughes. Those who transferred were: Sharon Wilkinson, Everett Durkee, Kathryn Jackson, Myrna Schwennsen, Ronald Hovey, Nancy Petersen and Duane Durkop.

During our third year, our teacher was Marlys Stahnke. This year our enrollment was nineteen. The new students were: Cecil Bovey, Joanne Gray, Gary Greve, John Krabbenhoft, Virgil Koch, Richard Pagel and Allen Petersen. The only transfer was Donald Durkee.

Helen Kokemuller was our fourth grade teacher. We were now a class of fifteen, with no new faces. Allen Petersen, Cecil Bovey, Joanne Gray and Raymond Manning transferred.

When we returned as the fifth grade, our teachers were Miss Dorothy Rehr and Miss Dorothy Waters. With seven new members added to our class, nineteen pupils now answered roll call. The new members were: Charles Culver, George Kyarsgaard, Nathalie Drury, Janice Hoyer, Marlene Wolf, Ruby Chase and Junior Chase. Richard Pagel dropped to transfer.

In the sixth grade we welcomed our new teacher, Miss Madonna McCutcheon. Our class enrollment was now sixteen, and again Nancy Petersen appeared in the picture as the only new pupil. Those lost were: Dortha Kyarsgaard, George Kyarsgaard, Marlene Wolf, Ruby Chase and Junior Chase.

Upon our entrance into Junior High and seventh grade, we had progressed another step in our school life. Our home room teacher was Miss Shirlee Cooper. The membership of our class was now fourteen. There were only two new entries--Marjorie Krause and Ardel Belk. Judith McVey transferred during the year.

The next year, the eighth grade, brought us four new pupils, which made our total sixteen. They were: Donna Culver, Joanne Gray, Edwin Jepsen and Eldon Paulsen. Nathalie Drury and John Krabbenhoft transferred during the year.

On August 24th, 1953, twenty-three shy pupils signed up as Freshmen in the Miles High School. Our class sponsor was Mr. William Willier. The new additions were Lavonne Peters, Russell Henriksen, Barbara Peters, Virginia Mussmann, Allen Petersen, Mary Jo Wenzel, Thelma Drury, Marilyn Nabb and Rance Robinson. Charles Culver was the only pupil who did not return. Eldon Paulsen transferred during the year.

Twenty-four pupils returned as a Sophomore class. Our class sponsors were Miss Lurene Noland and Miss Marlene Firman. New additions to the class were: Sue Fisher, Dale Henfrey, Andrew Shepard and Darold Schutte. Those who transferred were Janice Hoyer and Russell Henriksen. Andrew Shepard, Ronald Culver and Darold Schutte moved during the year.

There were only twenty-one pupils who gathered as a Junior class on the first day of school. Sponsoring our class were Miss Marilyn Beeler and Miss Marlene Firman. Marilyn Nabb transferred during the year. During our Junior year we worked hard to earn money for the Prom which we were to sponsor.

Eighteen pupils returned as Seniors to Miles High, with no new personalities among us. Margie Krause and Rance Robinson being the only two who did not return in the Fall. Later in the year, Thelma Drury dropped. Mrs. Taplin was our class sponsor and one of our Annual advisors whose work was very much appreciated during some of our very trying times.

Seventeen is the grand total of our class enrollment as we approach the steps to a bright and golden future full of wishes and dreams.

As you have thus read, the only students who have attended the Miles School twelve years are four: Philip Kuhl, Warren Jungjohann, Marianne Seamer and Bill Chamberlain.

By

Virginia Mussmann

WILL

We, the Senior Class of 1957, being of sound mind and body, and not acting under the undue influence of any person what-so-ever, do create, and bequeath these, our earthly goods, in the manner following:

We, the Senior Class, do will to Mr. Main, all the foolish and unnecessary calls to the office over the inter-com system.

We, the Senior Class, do will to Mrs. Main, some of our height, weight, and shoe size, so that we won't look like such giants next to you.

We, the Senior Class, do will to Miss Beeler, all the stolen cookies we knew you saw us take, and also the ones you didn't know about.

We, the Senior Class, do will to Mrs. Williams, an automatic waste-paper basket, that smooths out crumpled up papers. Also, a large economy size box of red pencils for bookkeeping.

We, the Senior Class, do will to Miss Firman, all the sour notes we sang in glee club, that we know you won't miss.

We, the Senior Class, do will to Mr. Williams, all the sleep we caught up on, in Government class, especially during the movies. Only kidding, Mr. Williams.

We, the Senior Class, do will to Mr. Kennedy, all the fun we "ALL" had in your Vocational Agriculture Class, especially when the Vocational Agriculture Class met with the Home Economics Class.

We, the Senior Class, do will to Mrs. Bartlett, all the fun we had, and the food we ate at your store.

We, the Senior Class, do will to Mr. DeSchraver, all the "A" papers we never got in Physics.

We, the Senior Class, do will to Mrs. Taplin, a year of rest to recuperate from our hectic class and annual meetings.

We, the Senior Class, do will to our faithful custodians, Hugo and Gilbert, all our undying gratitude for the things you have done for us, especially all those crazy things that only our class could dream up.

We, the Senior Class, do will to our bus drivers, all the times you had to wait for us on the bus routes.

We, the Senior Class, do will to Mr. Jepsen, the bus mechanic, an automatic bus washer to make your job easier.

We, the Senior Class, do will to the hot lunch cooks, an automatic hamburger patty presser for making hamburgers.

I, Ardel Belk, do will to Anita Fischer, my luck in proving that "Boys don't make passes at girls who wear glasses," isn't true.

I, William Chamberlain, do will to Larry Dalton, my position as basketball manager. Hope you have as much fun as I did, Larry.

I, Donna Culver, do will to Bette Wulf, my fun I had cheering on the basketball squads this year.

I, Sue Fisher, do will to Sharon Caven, my pony tail. You can dye it to match, Sharon. Hope it fits.

I, Joanne Gray, do will to Betty Lingle, my luck in being the only girl in Physics class. Use it to good advantage, Betty.

I, Gary Greve, do will to Kenny Jensen, my motorcycle boots, that I never wore, but that will match your black leather jacket.

I, Dale Henfrey, do will to Norman Corlis, my excess brains. Don't be disappointed if you get cut short, Norm, you don't need them anyway.

I, Edwin Jepsen, do will to Wayne Eickert, my little black book of Clinton phone numbers. These plus all yours ought to make happy dialing for you, Wayne.

I, Warren Jungjohann, do will to Larry Jepsen, my Student Council position. I sure had fun in it; hope you will, too.

I, Phil Kuhl, do will to Roger Jansen, my ability to get along with teachers, one way or the other.

I, Virginia Mussmann, do will to Elyse Jepsen, my transcribed shorthand notes. It took hours and hours, Elyse, so treat them gently.

I, Barbara Peters, do will to Sharon Harmsen, my connections at ISTC. It involves a lot of letter writing, Sharon, but it sure is fun.

I, Lavonne Peters, do will to Barbara Johannsen, my cheerleading suit back to you again.

I, Allen Petersen, do will to Gary Edens, some of my height for basketball.

I, Nancy Petersen, do will to Bertha Holdgrafer, my ability to wiggle out of trouble I invariably get into.

I, Marianne Seamer, do will to Barbara Peters, my position on the annual, plus a large size bottle of aspirin.

I, Mary Jo Wenzel, do will to Sharon Wilke, all the fun I had, and the sore feet I got in marching band.

STATE CHAMPS

STANDING, Left to Right: Fred Lennon, Gary Fischer, Ed Jepsen. KNEELING: Roger Jansen, Dennis Richman.

On October 6, 1956, part of the Miles Track Team consisting of: Fred Lennon, Gary Fischer, Ed Jepsen, Roger Jansen, and Dennis Richman, went to Iowa City to participate in the annual Iowa State Class "B" one mile team race.

With Gary Fischer coming in second, Fred Lennon seventh, Dennis Richman ninth, Edwin Jepsen seventeenth, and Roger Jansen, twenty-second, they tied with Le Claire for the State Championship. For this accomplishment, the school was awarded a large bronze plaque.

AUTOGRAPHS

Dear Barbara:

There is so much to say I don't know where to begin. Maybe will be able to be together in more classes. I hope so.

You're a swell kid and I know you will go far in your future. Good Luck in all you do. (I know you will have it without my saying so.) I know you will meet your certain someone and make him a good wife. Good Luck. A friend always.
Nanna

Dear Barbara:

Live really enjoyed knowing you all of these years. Remember when we were little and we would come over to each other's houses and then the hostess would walk back half-way with the guest! (figure that out if you can!)

With your nice looks and good personality you will achieve anything you really want to.

I wish you the best of luck in everything you ever try. I hope that we will always be as good a friends as we always have been.

Love

Marianne
3:7-

P.S. If you so much don't wouldn't it be better if you would get better than I would. I would always be your friend.

Dear Barbara -

Don't lose

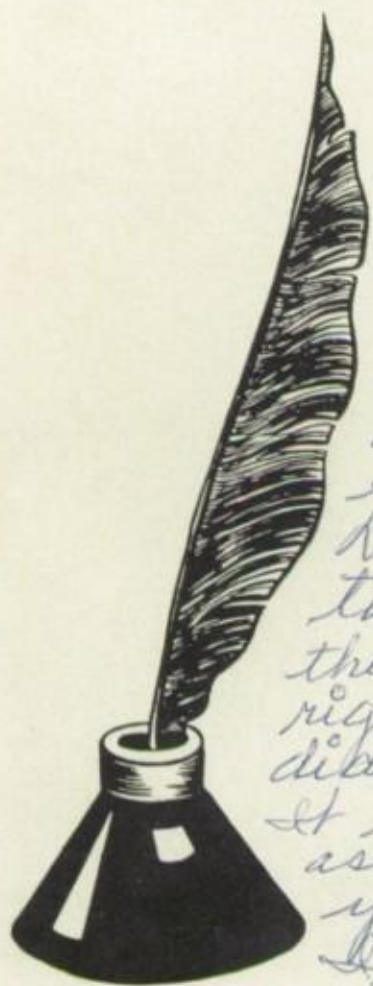

your smile, I like it, my your senior year be filled with many happy memories of M.H.S.
Sincerely - Mrs. Bartlett

Dear Barb,
 I think you are
 one of the nicest kids in
 our class and I am
 sure you'll go far.
 Remember the fun we had
 in speech. Ha! Ha!
 Best of luck
 Bette Jean
 -5-

Dear Barb
 It's been swell
 knowing you this
 past year. I want to
 wish you all the best
 in anything you
 may attempt. You
 are a real swell.
 Mrs. Hallis needs a
 cup of coffee - just
 call for "Kath Lee".
 We'll be there.
 Love ya.
 Kathleen

Dear Barb,
 There are a lot
 of swell things I can
 say to you. But to cut
 it short you are real swell.
 A real snack cook!
 It has been swell having
 you as a classmate and
 friend I hope we can
 continue. as ever
 Carol
 "57"

Dear Barb,
 In my
 opinion you are
 a wonderful girl.
 I hope you stay as
 sweet and nice as you
 are. You have a wonderful
 personality and a good sense
 of humor. Remember the time
 we were trying to save some
 seats at the talent show and
 Denny Cook sat there. Then we
 told Barry J. he couldn't sit
 there and his mother was sitting
 right in front of us. Luck we
 didn't say anything about him.
 It would have been very embar-
 assing. I'll never forget what
 you gave me for Christmas.
 I didn't dare open the box all
 the way home. Hope we have as
 much fun next year. Good luck.
 Love,
 Sharon

Dear Barb,
 We sure have
 had alot of fun
 together in the
 past three years.
 Remember the play,
 "Berry Berry" and
 that birthday. Wow!
 I know with the
 prom and every-
 thing coming in
 the future our
 friendship will
 become greater
 I hope. Good
 luck to a won-
 derful girl.
 A friend
 always,
 Barb Ragie

Dear Barb,

There are so many memory's (sp) in our school days and summers that they would fill a book.

Lavin sister is right!! Remember all the times we were taken for each other.

We sure had a lot of fun in our high school especially our Sophomore year. Remember if you start flapping two arms you can fly and I do believe you would make a good house —. You know what I'm referring to.

We sure have had a lot of fun working on the paper together.

You sure know how to surprise people. Don't you. Especially me. Remember the summer you came over for a couple of days. Oh such fun!!

I hope you will be able to take up the career you want to. Maybe we will go to college together. Who knows?

I hope you will be able to come and visit me this summer again.

Best of luck to you the rest of this year, next year and every day of your life. I hope next year will be as much fun as the preceding years.

With your personality Barb. you will accomplish everything you set out to do. Good Luck

To Jim trying to forget our best rules. Dear Barb. Remember the long talk we had when you stayed with me. I hope you have as much fun in our last year as in the first three. You have a sweet personality and keep up the good word.

Love
Phyllis Ann
Barb's friend

Dear Barbara,

It sure has been nice knowing you these past 3 years. Remember all the times during noon hour? Oh what fun. I'll never forget the times when we were so scared of English (speech). Good luck in the future and God Bless you!

A classmate,
Judy Roe

Dear Barb,

I have always thought of you and I think you are a real nice kid. I'm enjoying having you as a classmate and I hope we will have alot of fun next year. Don't forget all the fun we've had together especially the prom last year and in some of our classes. Good luck in every thing you do and especially in that jolly speech class. With your fresh personality you are sure to succeed in life.

Dear Barb,

Golly, I don't know
what to write. I guess I'll
just have to say what
the rest have said, (I mean
that I'll write the same but I
mean it as much as they do.)
Man what a miped-up mess!
I guess I'll start over!

Dear Barb,

You're a swell gal
and I've enjoyed your friend-
ship, with me, very much.

Good Luck in all you do.

(You know what? I think the 2nd
part is just as miped-up!)

Be Good!

A friend,

Judy K.

P.S. I think the reason for me
being confused is that there are too
many distractions in this study hall.

Dear Barbara, a good
friend has been a good
friend. Lots of luck,
a good friend in the future.
Good luck, in the future.
Judy
